

FOR IMMEDIATE RELEASE

TOWN OF TRENTON POOL TO OPEN FOR 2026 SEASON

TRENTON, NS – June 23, 2026 – Trenton Town Council is pleased to announce that plans are in motion to ensure the Trenton pool will open this summer.

“We have heard from residents and the greater community, and we understand the importance of this asset to our residents, the county and visitors. We are confident that we have found a way to make the pool operational for the summer of 2026,” said Mayor Alec Dove.

Town staff are currently working on both an operational plan for the summer of 2026, as well as a long-term plan for sustainable funding to ensure the pool can remain open for years to come.

“We understand the value of the pool to the community, but the current funding model is not sustainable. Staff are developing a sustainable funding model that includes a third-party operator and contributions from regional partners and private donations. We know that there is a lot of talent and heart in our community, and we want to work with our community partners to maintain this community asset,” said Dove.

The opening date for 2026 operations will be announced as soon as it is confirmed and remains a priority for town staff and council. In the meantime, council encourages the public to enjoy the Trenton Park splash pad (open daily from 10:00am to 8:00pm) and the other splash pads and indoor pools in the community.
